Carole Rosenberg

Carol,
I don't have to wish you good luck because whatever will probably be doing will probably be fun! I hope that you & John will be very happy together, & that you will keep in touch after the big occasion. We might get to see each other before then & we want them to. Be good, take care, & have a wonderful time tomorrow.

Love,
Michelle
&
Jimmy

P.S. If anything unexpected should come up, I'll let you know!

Carol,
I'm not going to start this off with "Good Luck", or "Best of Luck, etc." because I know it! I know you'll always have a great personality, & you're a sweet person. When I first knew that I was being transferred from Howell to Freetsed I was disappointed, but it's people like you, Carol, who make my years in Freetsed worthwhile! All the luck in the world with John, & I'll love to let me know when the wedding is! Hope to keep in contact with you & your lucky guy!
It's a very small world after all!
Always
Friends
Duane

Dear Carol-

Knowing you has really been an unique experience; but I guess that's because you're an unique person. I want to wish you the best of luck in everything you ever try to do. Always take very good care of John and may you both always have everything you ever dream of. I hope I see a lot of you this summer and make sure you call me up. Good luck with John!

Love,
Barbara

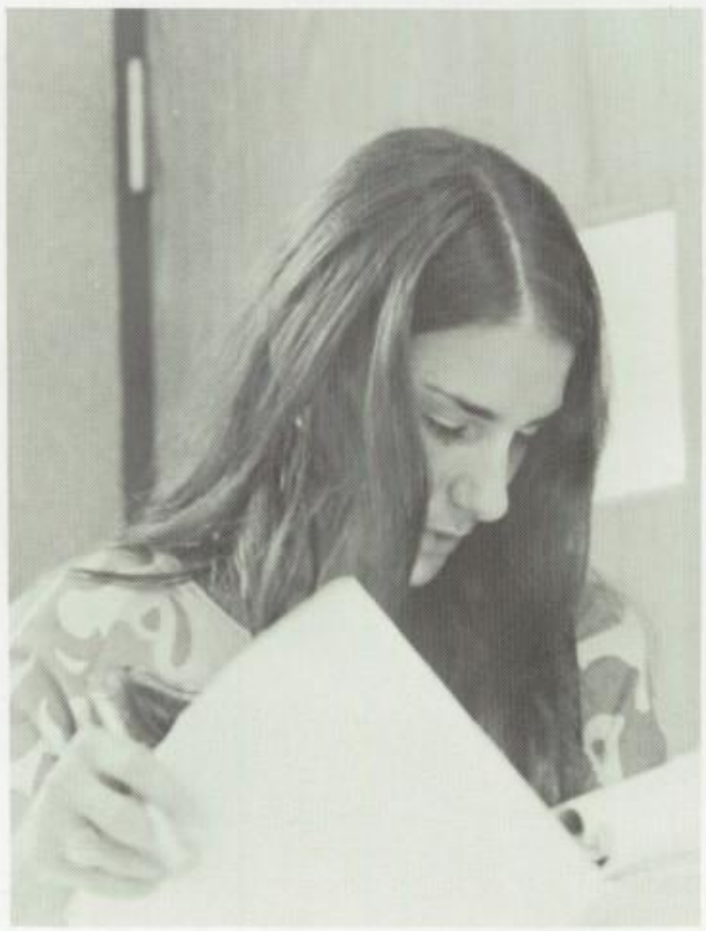
A father sees a son nearing manhood.
What shall he tell that son?
"Life is hard; be steel; be a rock."
And this might stand him for the storms
and serve him for humdrum and monotony
and guide him amid sudden betrayals
and tighten him for slack moments.
"Life is a soft loam; be gentle; go easy."



And this too might serve him.
Brutes have been gentled where lashes failed.
The growth of a frail flower in a path up
has sometimes shattered and split a rock.
A tough will counts. So does desire.
So does a rich wanting.
Without rich wanting nothing arrives . . .

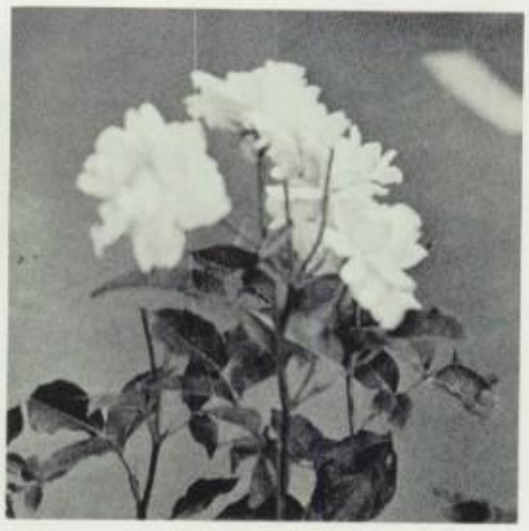
A father sees a son nearing manhood.
What shall he tell that son?
Tell him too much money has killed men
and left them dead years before burial:
the quest of lucre beyond a few easy needs
has twisted good enough men
sometimes into dry thwarted worms.
Tell him time as a stuff can be wasted.
Tell him to be a fool every so often
and to have no shame over having been a fool
yet learning something out of every folly
hoping to repeat none of the cheap follies
thus arriving at intimate understanding
of a world numbering many fools . . .



I am not a teacher,
but an awakener.

ORGANIZATIONS

No man is an island entire of itself. Every man is a piece of the continent, a part of the main. If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a monor of thy friends or of thine own were. Any man's death diminishes me, because I am involved in mankind. Therefore never send to know for whom the bell tolls. It tolls for thee.

A father sees a son nearing manhood.
What shall he tell that son?
Tell him to be alone often and get at himself
and above all tell himself no lies about himself
whatever the white lies and protective fronts
he may use amongst other people.
Tell him solitude is creative if he is strong
and the final decisions are made in silent rooms.
Tell him to be different from other people
if it comes natural and easy being different.
Let him have lazy days seeking his deeper motives.
Let him seek deep for where he is a born natural.
Then he may understand Shakespeare
and the Wright brothers, Pateur, Pavlov,
Michael Faraday and free imaginations
bringing changes into a world resenting change.
He will be lonely enough
to have time for the work
he knows as his own.

When autumn comes
Freehold will be a
fond memory,
touched by today, the now,
influenced by time,
different from yesterday.
1972 brought new problems, leadership and ideas.
1972 brought a new responsibility, commitments and purpose.
1972 brought change—
A SIGN OF OUR TIME.
